

## Health Suite News

### June 2019

#### FIFTH GRADERS

When the physical forms that have been sent home have been completed, they should be forwarded to the school nurse at your new school. Also, any updated immunizations should also be included. I wish you the **best of luck** as you move to middle school and I hope you will be back to visit- I will miss your smiling faces!

#### MEDICATIONS

All medications must be picked up by an adult on or before the last day of school. I will **not** be able to send them home with a student. If the medications are not picked up, they will have to be discarded according to BCPS policy.

#### Health Physicals, Dental Forms, Changes in health status, etc.

Please be sure the health suite has updated copies of your child's latest physical or dental visit. (Let me know if you need blank forms) Please also contact me if there are any changes or additions to your child's health status (ex. glasses, immunizations, new medications or new health concerns) so that we can keep his/her health record accurate and up to date. Thank you!

#### Spare Clothing for the Health Suite Closet

When sorting through your children's closets this summer, the Health Suite would love donations of your hand-me-downs! We are especially in need of **Boys and Girls pants and shorts, sizes 4 thru 14.**

**I have really enjoyed my first year at Warren Elementary!  
I hope everyone has a safe and restful summer break!**
